### SKILLS

- ❖ Java
- ❖ OOPS
- ❖ HTML, CSS, Javascript
- ❖ SQL
- ❖ JDBC
- ❖ Selenium

### EDUCATION

- ❖ B.E in CSE | Chandigarh University CGPA: 7 | (2019-2023)
- ❖ XII (U.P) | CH. Kundan Singh Inter College Basauli Baghpat 81.5% | (2018)
- ❖ X (U.P) | S. M. Inter College Mahawatpur Bawali 85% | (2016)

### EXPERIENCE

- ❖ **Full Stack Developer | Highradius**  
(From 28-01-2022 to 13-04-2022)

It was an internship in which I made a web-based application named B2B invoice management System. Here I have used some technologies like React js, Java, Sql, etc.

### ACADEMIC PROJECTS

- ❖ **TextUtils**  
It is a web-based application that has some functionality of word manipulation like removing spaces, upper case, lower case, finding words, etc and basically based on react js and javascript and Java.
- ❖ **AI-enabled B2B web application**  
It is an invoice management web application that has CRUD operation as well as some prediction facility using machine learning that predicts the Clear date of buyer business and I have used React js, java, and Sql.
- ❖ **Connect 4 game**  
It is a game that was made using Java Fx, Java, and some oops concepts.
- ❖ **All in one Unit Converter**  
It is my first Java-based Project in which I have used OOPS and Java and made this command line-based program whose time complexity is constant  $O(1)$ .

### ACHIEVEMENTS

I was awarded a laptop after getting good marks in high school.

### HOBBIES

- ❖ Playing games like badminton and some mobile games.
- ❖ Spend time with family and spiritual places.
- ❖ Solve Mathematics problems using Coding.
